

## 1                   CROSS-REFERENCE TO RELATED APPLICATIONS

2  
3                   This Application claims the benefit of the filing date under 35 USC §§119 and/or  
4                   120, and 37 CFR §§1.60 and 1.78 to the following U.S. and U.S. provisional patent  
5                   applications, and is a continuation-in-part of the U.S. patent application:

6  
7                   1. U.S. provisional patent application serial no. 60/005,029, filed on October  
8                   6, 1995, entitled "Method and Apparatus for Improved Paging Receiver and System";

9  
10                  2. U.S. patent application serial no. 08/177,851, filed on January 5, 1994,  
11                  entitled "Method and Apparatus for Enhancing the Efficient Communication of  
12                  Information in an Alphanumeric Paging Network," now U.S. Patent no. 6,278,862.
